

Tom Gibson, DDS

Welcome to Our Practice!

We are delighted that you have chosen our office to provide your dental care. To help you feel more comfortable and at home, we have provided you with some information about your first visit to our office.

- We schedule carefully to avoid having you wait. Your time is very valuable to us and we will always treat it with respect.
- Dr. Gibson will meet with you, one on one to discuss your dental needs and wishes.
- A complete oral examination will be given to determine the type of cleaning appropriate for you. We have found prevention is the key to healthy teeth and gums.
- Diagnostic films will be taken on this appointment as needed to evaluate decay, bone loss, and soft and hard tissue lesions.
- Filling out the enclosed paperwork before you arrive in the office will assist us in making your visit run as smoothly as possible.

Sheila, our Patient Coordinator, will assist in scheduling any additional appointments as needed and answer any questions you may have regarding fees.

Our entire team is dedicated to your well being. We are enthusiastic about what modern dentistry has to offer everyone. We are committed to bringing the highest level of care and professionalism possible to our region. If there are any questions you might have before your reserved time with us, please don't hesitate to call. Thank you again for choosing our office.
